A Development Following the Defeat
of the Coke Railroad Ord-
inance That Seems

TO INDICATE THE RIVAL ROAD

Was Not a Bona Fide Project—Noth-
ing Heard From the Juttes
Since the Election.

Before the Uniontown, Waynesburg
& West Virginia railroad stock sub-
scription ordinance was overwhelm-
ingly defeated by the voters of Ohio coun-
ty, views many and diverse were held
as to whether or not the Pittsburgh,
Connellsville & Wheeling Railroad
Company was a bona-fide enterprise.

A development that has occurred
since the election—on Monday of this
week, in fact—would seem to indicate
that the Pittsburgh, Connellsville &
Wheeling is little or nothing more than
a paper scheme. This development was
in the nature of a letter from General
Manager Edgar Holmes, of the Pitts-
burgh, Connellsville & Wheeling com-
pany, to one of the legal representatives
of the Uniontown, Waynesburg & West
Virginia, stating his willingness to sell
out to the latter on reasonable terms.
The aforesaid legal representative is
said to have answered, inquiring what
Mr. Holmes or the Pittsburgh, Con-
nellsville & Wheeling had to sell, and
making certain other humorous obser-
vations.

President McGregor, of the county
board of commissioners, and President
Quarrier, of the chamber of commerce,
have heard nothing from Mr. W. C.
Jutte, of the Uniontown, Waynesburg
& West Virginia, since his departure
the morning following the defeat of the
stock subscription ordinance, but the
belief is prevalent here that the road
will be built, and that something au-
thoritative will be heard shortly.

New Electric Line.

Yesterday, the members of the board
of commissioners, accompanied by Coun-
ty Engineer Robert Hazlett, made a
trip over the route of the proposed
Wheeling and Wellsburg electric line,
along the river road, in company with
Messrs. John Arbenz, Henry J. Arbenz
and William Ebert, projectors of the
enterprise. The representatives of the
company agreed to use ground to the
west of the river road for its tracks,
and wherever the road is encroached
upon owing to limited space on the
river side of the pike, the company is
to bear the expense of widening the
road eastward and to macadamize it.
The ordinance of the company is to be
considered at the regular monthly
meeting of the county board next Mon-
day morning. The projectors announce
that they have matters in shape to
agree to the terms of the ordinance—
acceptance in four months, beginning
of work in eight months and completion
of the line in eighteen months. So far
the company has not secured a fran-
chise from the Brooke county court, but
the latter will doubtless act favorably
upon learning that the project is bona-
fide.

The Report Denied.

General passenger agents of eastern
lines say that there is nothing in the
reports from the west that the Cana-
dian Pacific is creating trouble by di-
verting immigrant traffic to Canadian
gateways. The Canadian Pacific is a
member of the immigrant traffic bureau,
and as a member it shares in the busi-
ness with the United States carriers.
Should the Canadian Pacific choose to
devote special attention to the im-
migrant business of Canadian ports, the
trunk-line men say, but little difference
from the existing conditions would be
caused. About 80 per cent of the im-
migrant business is handled through the
port of New York, the remaining 20 per
cent being handled largely through the
ports of Boston, Philadelphia and Balti-
more.
